Beth ydi nodweddion coedwig?  
What are a forest's features?

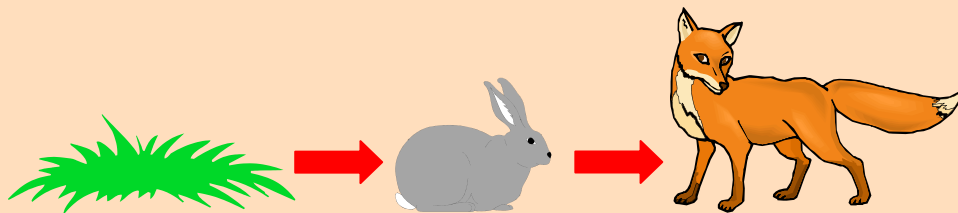

Pa fath o gynefin mae coedwig yn ei roi i fywyd gwylt?  
What kind of habitat does a forest provide for wild life?

Pa effaith mae ymwelwyr yn ei gael ar gynefin y goedwig?  
What impact do visitors have on a forest's habitat?

Byddwn hefyd yn edrych ar gadwyni bwyd.

Byddwn yn cymharu cynefin coedwig gyfagos gyda chynefin coedwig law.  
We will be comparing the habitat of a nearby forest with the habitat of a rainforest.
